Il Sottoscritto in qualità di principal investigator è stato oggetto di diversi audit da parte delle aziende sponsor, di compagnie terze autorizzate dallo sponsor e di ispezione da parte dell'FDA (quest'ultima nel corso del 2015 per lo studio DECIDE). Audit ed ispezione hanno sempre avuto esito positivo.

ATTIVITA' ASSISTENZIALE
L'attività assistenziale del Prof Francesco Patti può essere riassunta nei seguenti punti

Novembre 1982-marzo 1988 Medico Interno della Clinica Neurologica I dell'Università di Catania
1991-1992 Collaboratore Tecnico alla Cattedra di Neuroriabilitazione dell'Università di Catania
1993-2000 Tecnico Laureato con Compiti assistenziali; 1995-corrente 2019 Dirigente Medico I Livello, sempre in Clinica Neurologica I
1996-2000 Responsabile dell'ambulatorio di Neuroriabilitazione della Clinica Neurologica I
1996-Giugno 2005 corresponsabile del Centro Sclerosi Multipla della Clinica Neurologica dell'Università di Catania
Luglio 2005-corrente Responsabile Unico del Centro Sclerosi Multipla dell'Università di Catania
Luglio 2022 Responsabile Direttore UOS Sclerosi Multipla della AOU Policlinico G Rodolico-San Marco

L'attività assistenziale del Prof Francesco Patti è stata svolta presso i vari reparti della Clinica Neurologica, in degenza sia uomini che donne, con responsabilità diretta degli ammalati assegnatigli, talora con compiti di capo-reparto o di vice-primario e nei vari ambulatori. Segue in responsabilità diretta circa 200 pazienti l'anno affetti dalle più svariate malattie neurologiche, nonostante il suo ambito più specifico per pazienti affetti da malattie infiammatorie e/o degenerative del Sistema Nervoso Centrale e del Sistema Nervoso Periferico.
A parte si segnala l'attività di responsabile della Neuroriabilitazione fino al 2000 con responsabilità relativa ai piani di trattamento, alla esecuzione dei progetti riabilitativi e alla gestione di 5 unità di personale fisioterapista per l'assistenza di pazienti ricoverati nelle Unità di Neurologia I e II e dei pazienti affluenti alla sezione in regime ambulatoriale. Il prof Francesco Patti, da sempre è consulente

neurologo per tutti gli altri reparti del Policlinico e anche di altri Presidi della stessa Azienda, ora denominata AOU Policlinico "G Rodolico"-San Marco
Si considera a parte l'attività resa nel Centro Sclerosi Multipla. Al riguardo si segnala che il Prof Francesco Patti segue oltre 2500 pazienti affetti da Sclerosi Multipla, circa 50 affetti da malattie dello spettro della Neuromielite Ottica e circa 100 affetti da Sclerosi Laterale Amiotrofica, provenienti da tutte le zone della Sicilia e dalla Calabria. Esegue circa 4000 visite ambulatoriali l'anno e non meno di 8-10.000 accessi in day-hospital per anno, calcolando una media complessiva degli ultimi 5 anni. L'attività di day-hospital viene per lo più riservata alle terapie infusionali di trattamenti che non possono essere eseguite a domicilio o in ambulatorio (in genere immunosoppressori o chemioterapici) o di procedure diagnostiche più complesse che richiedono diversi approcci strumentali, oltre la visita specialistica e la relazione conclusiva.
Dal 6/7/2022 è Responsabile della Unità Operativa Semplice Centro Sclerosi Multipla dell'AOU Policlinico "G Rodolico"-San Marco, presso il PO Policlinico "G Rodolico"
Grazie all'intensa attività assistenziale, ha potuto sviluppare (come testimoniato dalle numerose pubblicazioni scientifiche e dalla partecipazione a numerosi studi clinici) una intensa attività di ricerca clinica che ha portato il Policlinico di Catania all'attenzione nazionale.
